

AKLEASE ENVIRONMENTAL AND SOCIAL EXCLUSION LIST

The activities given in the list below are determined by Aklease as leasing services that are not knowingly financed. AK Finansal Kiralama A.Ş. undertakes that it will not provide financial leasing services to the institutions and companies engaged in the following activities within the scope of corporate information, regardless of the transaction amount.

1. Production or trade in any product or activity deemed illegal under host country laws or regulations or international conventions and agreements, or subject to international bans
2. Production or activities involving harmful or exploitative forms of forced labor¹ /harmful child labor²
3. Trade in wildlife or production of, or trade in, wildlife products regulated under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES)³
4. Drift net fishing in the marine environment using nets in excess of 2.5 km. in length
5. Production or trade in unbonded asbestos fibers
6. Production or trade in unbonded PCB's⁴, asbestos and PCB containing products
7. Cross-border trade in waste and waste products, unless compliant with the Basel Convention and the underlying regulations
8. Production or trade in wood or other forestry products other than from sustainably managed forests, activities involving the destruction⁵ of significant critical habitats⁶
9. Activities involving threats to the cultural heritage characteristics of places on the UNESCO World Heritage Site, including damage to or destruction of a significant cultural heritage
10. Activities carried out in wetlands identified as RAMSAR (Wetlands of International Importance area
11. Production or trade in radioactive materials⁷
12. Production or trade in pesticides/herbicides, prohibited and dangerous chemicals, ozone

¹ Forced labor means all work or service, not voluntarily performed, that is extracted from an individual under threat of force or penalty.

² Harmful child labor means the employment of children that is economically exploitive, or is likely to be hazardous to, or to interfere with, the child's education, or to be harmful to the child's health, or physical, mental, spiritual, moral, or social development.

³ CITES: Convention on International Trade in Endangered Species of Wild Fauna and Flora.

⁴ PCBs: Polychlorinated biphenyls are a group of highly toxic chemicals. PCBs are likely to be found in oil-filled electrical transformers, capacitors and switchgear dating from 1950 to 1985.

⁵ Destruction means the (1) elimination or severe diminution of the integrity of a habitat caused by a major, long-term change in land or water use or (2) modification of a habitat in such a way that the habitat's ability to maintain its role (see footnote 10) is lost.

⁶ Critical habitat is a subset of both natural and modified habitat that deserves particular attention. Critical habitat includes areas with high biodiversity value that meet the criteria of the World Conservation Union (IUCN) classification, including habitat required for the survival of critically endangered or endangered species as defined by the IUCN Red List of Threatened Species or as defined in any national legislation; areas having special significance for endemic or restricted-range species; sites that are critical for the survival of migratory species; areas supporting globally significant concentrations or numbers of individuals of congregatory species; areas with unique assemblages of species or which are associated with key evolutionary processes or provide key ecosystem services; and areas having biodiversity of significant social, economic or cultural importance to local communities. Primary Forest or forests of High Conservation Value shall be considered Critical Habitats

⁷ Except for the purchase of medical equipment, quality control (measurement) equipment or equipment with insignificant and / or sufficiently protected radioactive source.

depleting substances⁸

13. Activities related to pornography or prostitution
14. Production or trade in weapons and munitions
15. Racist and anti-democratic media, activities involving issues such as the emergence and dissemination of processes separating a particular part of the population
16. Gambling, casinos and equivalent enterprises, accommodation facilities with casinos
17. Exploitation of diamond mines and commercialisation of diamonds, when the host country has not adhered to the Kimberley⁹ agreement (KPCS) or other similar international agreements on extractive resources
18. Shipment of oil or other hazardous substances in tankers that do not comply with IMO requirements (IMO, MARPOL, SOLAS and Paris MOU)
19. Financial leasing service is not provided for SME segment customers in the following activities:
 - (i) production or trade of any product or service subject to international prohibitions/embargoes such as medicines, pesticides / pesticides
 - (ii) production or trade of weapons and ammunition
20. The production or trade in alcoholic beverages(excluding beer and wine)
21. Production or trade in tobacco
22. Coal-fired thermal power plants
23. Construction of new or refurbishment/production capacity increase of any existing coal-fired power plant
24. Coal prospection, exploration, mining or processing
25. Any business with planned expansion of coal used for power and/or heat generation

⁸ Ozone Depleting Substances: Chemical compounds, which react with and delete stratospheric ozone, resulting in “holes in the ozone layer”. The Montreal Protocol lists ODs and their target reduction and phaseout dates.

⁹ The Kimberley Process Certification Plan (KPCS) is a certification standard for diamond production for governments; diamonds are controlled at each stage of the production chain from the removal of the finished product to the retail
